WHO WE ARE

About Us

Here at Daski Ltd, we treat the service user as an individual — not as a list of needs.

■ Our Mission

We aspire to provide the best care and support to our service users by following a people-first concept, focused always on the individual and their specific needs.

■ Our Values

We value our service users and put them first because we care. Daski pledges excellent service and employs our core values at all times.

We are committed to ensuring the safety and well-being of our service users, taking meticulous precautions so that those in our care enjoy the highest possible quality of life. We make every effort to meet or exceed national CQC standards.

Our leadership comprises highly skilled managers with years of hands-on experience across hospitals, care homes, supported living environments and specialist care units. Teamwork is at the heart of Daski's ethos — our recruitment focuses on compassionate, dedicated and skilled candidates who share our motto: *"Where care comes first."*

TESTIMONIALS

What Families Say

★★★★★ 4.9 out of 5 — based on 60+ reviews from service users and families

"The carers who visit my mother are always punctual, patient and genuinely kind. She looks forward to their visits, which means everything to our family."

— Janet H., Family Member

"From the first assessment to daily care, Daski have been professional and compassionate throughout. Communication with the office is always quick and clear."

— David R., Service User

"We tried a few care providers before Daski and none matched the level of attention and respect shown to my father. Truly a people-first team."
